

**CLIMATE CHANGE AND POLICY: ECONOMICS AND POLITICS**  
**October 2 - 6, 2023**

All class sessions below will be led by Professor Stavins, director of the program, except for Tuesday’s third session, which will be led by Kelsey Jack.

Professor Stavins has recorded lectures for each of his nine sessions (two each Monday – Thursday and the first session on Friday). These should be viewed before the corresponding live sessions. Class sessions will be interactive; successful participation in class sessions depends on having viewed the corresponding recorded lectures in advance.

Times for interactive class sessions below are U.S. Eastern Daylight Time (UTC -4). Zoom connection information will be provided through the Canvas page.

Wednesday September 27	Monday October 2	Tuesday October 3	Wednesday October 4	Thursday October 5	Friday October 6
