

FOR PHONE:

Hello, my name is _____ and I am conducting a survey for researchers at the Harvard Kennedy School. May I speak to the youngest adult over 18 in the household?

Hello, my name is _____ and I am conducting a survey for researchers at the Harvard Kennedy School, and I would like to get your opinions on some issues of the day. In Boston, not much is known about how people feel and what people think about policing in their neighborhoods. We would like to hear from you about your experiences with and perceptions of the Boston Police Department.

This survey will take 15-20 minutes to complete and asks about some sensitive topics. In appreciation for sharing your time and opinion, you will receive a \$10 gift card if you complete the survey, you will also have the opportunity to sign up to participate in a more in-depth follow-up interview for \$50. If you would prefer to schedule a time when you are able to take the survey, we can do that and call you back. Great, thank you. We are going to start with some demographic questions, as a reminder, your answers to questions are anonymous.
