

One of my most valuable experiences while I was a student was the opportunity to work at the National Security Council in Washington, DC during the summer after my first year. The Kennedy School was able to provide me with funding to help cover many of my expenses. I am very pleased to establish a fellowship fund that will enable students to receive stipends for similar activities [...] in the fields of international and global affairs.

- Kenneth Juster

Juster Fellows Alumni

Thanks to the generosity of Kenneth I. Juster, AB '76, JD '79 ('80), MPP '79 ('80), up to 3 outstanding Master of Public Policy (MPP) students receive Kenneth I. Juster Fellowship for experiential learning opportunities (research or field experience, including internships) related to international and global affairs.
