

HARVARD Kennedy School

JOHN F. KENNEDY SCHOOL OF GOVERNMENT

The cost of attendance for the 2018-2019 academic year is outlined below to help domestic students financially plan for their year at Harvard Kennedy School. These *minimum* budget amounts are conservative estimates of modest student living and lifestyle expenses in the Boston-Cambridge area, and do not include costs such as international travel or buying a personal computer.

Total	\$101,031

**Tuition and fees are subject to change without notice. It is important to note that tuition is expected to increase 3-4% each year and living expenses 1-3% annually.*

Dependent Costs

Federal regulations prohibit Harvard Kennedy School from including dependents' day-to-day costs in a domestic student's expense budget. If you plan on bringing your partner, spouse, and/or children to

HKS, you will need to demonstrate sufficient savings to cover your dependents' costs during the academic year.
